Biography:

Kevin is a graduate of North Carolina State University with a B.S. in Civil Engineering and is a Registered Engineer. He has over 13 years of experience in the highway safety field. More than eleven of these years have been with the Traffic Safety Systems Management Unit in the Traffic Engineering and Safety Systems Branch. Kevin also worked with the University of North Carolina Highway Safety Research Center as a Highway Safety Research Engineer for a little more than one year.

Kevin is a veteran of the United States Coast Guard where he spent the two and one half years working on the aides to navigation along with the North Carolina Coast, and a year working on Ice Breakers out of Seattle Washington.
